

TIMBERBRUSHED

WEATHERED CHARM WITH ARTISTIC FLAIR

DISTINCTIVE CHARACTER

Premium Appalachian hardwood provides the valued visual of tight graining that is further complemented by the unique natural characters of Oak.

VISUAL CHOICES

Featuring a number of different artistic techniques, such as liming and deep etching, that highlight the naturally beautiful characteristics of the wood.

PREMIUM SOLID HARDWOOD

The organic beauty and quality of 100% solid hardwood provides the durability needed to last a lifetime, but with the flexibility to always remain in style and on trend.

LONG LENGTHS

Up to 7' long, for a less busy, more beautiful finished product than the standard 4' lengths. Longer boards also mean clean visual lines with less end joints throughout the installation.

White Oak
